

Kent County Council

Job Description: *Highway Engineer*

Directorate:	Growth, Environment and Transport
Unit/Section:	Transportation
Grade:	KR9
Responsible to:	Highway Manager

Purpose of the Job:

The post-holder will provide engineering advice for the maintenance of highways infrastructure liaising with and supporting Highway Inspectors and Highway Stewards and working closely across Transportation. The post-holder will be expected to provide sound technical advice within the highways maintenance remit, giving a high level of customer care to both internal and external customers. A key aspect of the role will be to support, with Stewards, the triage and decision making for other Asset groups.

The post-holder must be prepared to undertake work outside normal office hours in the interests of the service, such as for an emergency.

Main duties and responsibilities:

- Act as mentor and give on the job coaching to Highway Stewards to build their development to aid them in their daily tasks.
- Arranging for minor works and operational maintenance activities with our Term Maintenance Contractor identified in the annual programme to be carried out; ensuring that technical standards are complied with; agreeing payment for work.
- Preparation of Health and Safety plans and risk assessments, and ensuring that all works on site are carried out in a safe manner and in accordance with Health & Safety policies and good practice.
- Assessment of condition of highways, recommending and designing future works for all assets and preparation of maintenance bids in conjunction with other Asset groups.
- Audit Checks to be carried out on a Monthly basis to ensure that works are completed to Standard specification. Also to ensure value in terms of resources supplied and materials used.
- Ensuring information is updated on WAMS system to enable KPI information to be extracted.

- Liaising with members of the public, elected Members, Parish Councils, contractors and emergency services as required, and in accordance with KCC Customer Care policy.
- Ensure contract compliance in all elements of work.
- Review of new products, innovations, designs and procedures to incorporate where possible, within financial constraints, trialling of new products. Ensuring this incorporates the Business Plan to ensure business efficiencies.

Footnote: This job description is provided to assist the job holder to know what their main duties are. It may be amended from time to time without change to the level of responsibility appropriate to the grade of post.
