

<b>Directorate:</b>	<b>Adult Social Care and Health</b>
<b>Unit/Section:</b>	<b>Enablement and Support</b>
<b>Grade:</b>	<b>KR11</b>
<b>Responsible to:</b>	<b>Operational Manager for Occupational Therapy Services</b>

### **Purpose of the Job:**

The Occupational Therapy Service focuses on enabling independence and maximising the wellbeing of those people we support and their carers. This role has a defining responsibility in promoting a strengths-based approach, empowering people to undertake those occupations which matter to them and prevent, reduce and delay the need for statutory care services.

Occupational therapists use functional assessment and activity analysis to support adults to live in the place that they call home, in a way that enables them to maximise their choice and control. Working with the person, they will provide a range of creative solutions to maximise independence and wellbeing, including equipment, home adaptations, moving and handling techniques, enablement or advice and support.

The postholder will oversee a local Occupational Therapy team, comprising of registered and unregistered staff, covering current and future business demands.

### **Main duties and responsibilities:**

- Provide professional and clinical oversight to an Occupational Therapy staff group. Ensure robust personal supervision and quality assurance processes are in place to support and develop staff, driving performance and ensuring the delivery of quality outcomes.
- Provide high level professional clinical challenge to case decisions, demonstrate awareness of budget management in relation to provisions of all community equipment and adaptations, by ensuring that robust clinical reasoning is in place for all requests and that cost effective solutions are provided which meet the needs of the person and optimise the use of all resources.
- Manage a small complex caseload of people who require Occupational Therapy assessment and intervention.
- Support the Operational Manager with recruitment, development and motivation of the staff group, to ensure that they can fulfil the changing demands of the service. Work with the Practice Development Officer to promote comprehensive core skills training for all OT staff, identifying performance issues and gaps and ensuring that support plans are implemented and monitored.
- Work with the Operational Manager to determine service gaps and redeploy occupational therapy resources accordingly to meet business needs. Demonstrate a flexible and adaptable approach to support service development, ensuring that alternative ways of working and a positive culture are embedded within the team.
- Monitor staff performance, using team dashboards and relevant activity reports, providing data and feedback to appropriate managers in a timely manner.

- Represent Occupational Therapy on development initiatives and participate in a range of local partnership meetings with Health, Housing, home improvement agencies, carer forums and others as requested, to ensure that services are delivered in a more integrated way.
- Support Occupational Therapy student education within the team, providing regular placement opportunities. Work with the Practice Development Officer and Occupational Therapy Managers to support the Occupational Therapy Apprenticeship Degree program.
- Engage in professional and clinical supervision with the Operational Manager to ensure occupational therapy practice standards and KCC policies are maintained and adhered to.

Footnote: This job description is provided to assist the job holder to know what their main duties are. It may be amended from time to time without change to the level of responsibility appropriate to the grade of post.
