Role Summary

Careers Hubs and the wider Enterprise Adviser Network are the external infrastructure for delivery of The Careers & Enterprise Company’s objectives to improve careers education for 11–18-year-olds. Our Network acts as a catalyst, connecting employers with schools and colleges throughout England to deliver world-class careers education.

Careers Hubs build on the tried and tested model of partnership and collaboration where the virtual Hub is the centre point of a localised careers offer, accessible to all mainstream schools and colleges across that geography. Careers Hubs lead partnerships of schools, colleges, Local Enterprise Partnerships, local authorities, local businesses, and careers providers, helping young people connect closely to local skills and economic need through a tailored careers education programme.

Through joining a Careers Hub, we enable schools and colleges to receive professional guidance in how to develop their careers programme, peer to peer support and learning in what works, access to funding and coordinated activity. The Hubs are incubators for innovation, taking our national mantra of *test, learn and adapt* and applying that locally.

Nationally, we’ve created a network of Careers Hubs, bringing together the Hub leaders regularly to review progress, share good practice, collaborate and innovate. All of which is accelerating progress rapidly.
